

At the YMCA, we're more than a place; we're a cause. Our focus is on helping those who need us most, each and every day. We help children, adults and families from all walks of life reach their goals, and contribute to solutions that improve our communities.

## BUILDING A STRONG COMMUNITY

To achieve our goal of helping people, we rely on the generosity of our members, private donors, and the community.

You can be assured that your support will have a meaningful and enduring impact right in your own neighborhood.

# OUR CAUSE IS OUR COMMUNITY

We focus on youth development, because we believe that every child deserves the opportunity to discover who they are, and what they can achieve.

## HELPING CHILDREN ACHIEVE

Because of our many programs, thousands of local children have developed values, skills, and relationships that lead to positive social behavior, improved health, and better educational achievement. Our activities build strong and confident children who will become healthier, happier adults tomorrow.

Our goal is to strengthen the foundations of our community through partnerships with local hospitals, policy makers, and community groups to enable children and adults to combat and recover from diseases such as cancer and diabetes.

## PROMOTING HEALTHY LIVING

Our annual support campaign endeavors to ensure that these programs continue for everyone who needs them.

Here's how you can make a meaningful, enduring impact right in your own neighborhood:

- A gift of \$2,400 will help a child with special needs learn, grow, and thrive in the Y Trailblazers program next summer.
- A gift of \$1,500 will help a child participate in a meaningful and enriching Y summer camp, or an out-of-school time program.
- A gift of \$750 will help improve the health of the community by bringing families together and connecting them with their neighbors.
- A gift of \$400 will allow a cancer survivor and their family to participate in our LIVESTRONG at the YMCA wellness program.
